

Hazard	Who Might Be Harmed	Is the Risk Adequately Controlled, or is More Needed	Review and Revision
Overexcitement or fatigue preventing rule following	Participants	Rules should be clearly explained at the start of each activity, each time it is run. Ensure adequate supervision at all times.	
Fatigue	Participants	All activities are optional. A range of activities/quieter options available. Plenty of rest space/shade in marquees. Water easily accessible.	
Safeguarding	Participants	The Scouting Young people first yellow card is used throughout the Strategy and Evolution Events. All leaders are given a copy on arrival and must be up to date with their training. There is a designated Safeguarding lead and as per the code of behaviour all safeguarding concerns are reported to national HQ. External activity providers to be supervised at all times.	
Lots of activities spread across the field area	Participants	Activity boundaries clearly marked with tape. Participants encouraged to walk around barriers and not duck under them/stretch them during briefing	
Trip, slips and falls	Everyone	Participants will be supervised at all times during activities. Activities to be placed according to site plan.	
Cold / Wet / Heat / Other inclement weather	Everyone	The Participants Kit list ensures they are suitably dressed with warm clothing and wet weather gear. There are medical and welfare support teams on the field. Marquees available for shelter.	
Strategy External Hired Activities			
		"Specific RAs are provided for each of the external activities including either provided by an external contractor, such as CaveBus or Inflatables company or by a team from outside S&E such as the Gloucestershire Climbing Team. Leaders are advised to read these before helping with the activities."
