Hazard	Who Might Be Harmed	Is the Risk Adequately Controlled, or is More Needed	Review and Revision
Drone	Anyone	All persons flying drones will be CAA certified. S&E will ensure that the correct insurances All relevant CAA Regulations adhered to,	
Cables	Helpers in Media area	No loose cables lying around. Cables kept dry and clear. Majority will be turned off overnight and when not in use.	
Battery Charging	Helpers	Batteries always monitored. Charged in a safe dry location. No batteries charged overnight. Only use Li-Ion Batteries and not LiPo. Do not charge in any direct sunlight.	
Gear overheating	Helpers	Take steps to minimise overheating. If overheating occurs, battery out of camera and gear not used until cooled down. Higher risk of this happening when filming, rather than photographing.	
Off site shooting	Helpers	Never alone. Charged phone with you. Route planned ahead of time. Leaving and returning times.	
Shelving	Helpers in Media area	Risk of falling, will be secured where possible to tent structure or other means to prevent it tipping over
